

# PROCEDURE FOR INTERNATIONAL PATIENTS

## Patient or Referring doctor

Submits the medical file and request to [icin@chu-martinique.fr](mailto:icin@chu-martinique.fr)

## International Patient Coordinator

Acknowledges receipt of the request and transfers it to the nuclear physician

## Nuclear Physician

Provides an opinion on the type of examination recommended, based on the medical file of the patient

## International Patient Coordinator

Sends a quote including costs related to medical care and shares information about the conciergerie services proposed by our preferred suppliers

## Patient or Referring doctor

Accepts the quote and prepays 100% of the amount to the finance department of our Hospital at least 8 days before his admission in our institute

## ICIN

Schedules the appointment and sends convocation to the patient

## Patient or Referring doctor

Completes medical questionnaires and consent form and sends back all documents with passport for his pre-admission

## ON D-DAY

Our coordinator takes care of everything, the patient is welcomed in our Institute and all formalities are complete.

He can relax and focus on his examination

24hours max after the examination, the physician and coordinator provide the referring doctor with a medical report, translated into english.
